## Residential Energy Efficient Fire Rebuild (EEFR) Program Wildfire Response Incentives

### Enhanced energy efficiency incentives for those rebuilding homes in cities affected by the January 2025 Southern California Wildfires

In support of the rebuilding effort underway to restore single-family and multifamily homes destroyed or severely damaged by the Eaton, Palisades, Hurst, Lidia, Sunset, Woodley, Olivas, and Hughes wildfires in Los Angeles County, SoCalGas is offering enhanced incentives for energy-efficient homes being rebuilt in the affected areas through the Residential EEFR Program.

The Residential EEFR Program provides financial incentives for single-family and multifamily homes that are built to exceed the State of California Title 24 Energy Efficiency Standards and are equipped with qualifying natural gas equipment. SoCalGas is currently offering enhanced incentives in the wildfire affected areas.

Property owners in zip codes affected by the Los Angeles County wildfires who are eligible for incentives and interested in participating in the program should take the following steps:

1. Visit [socalgas.com/Rebuild](https://socalgas.com/Rebuild) to download a copy of the application.
2. Consult with your builder or energy analyst to review the program requirements.
3. Work with your builder who will contact a SoCalGas Account Representative to begin the application process.

**OR**

4. Call 1-866-563-2637 or email [scgprocessing@socalgas.com](mailto:scgprocessing@socalgas.com) for more information.

The more energy efficient your new home is, the higher the incentive. With enhanced Residential EEFR Program incentives now available for fire rebuilding projects, your single-family and multifamily home may qualify for up to \$10,000 in incentives.

Rebates and rebate amounts are subject to change. Home must be within an eligible fire rebuild zip code. To learn more, visit [socalgas.com/Rebuild](https://socalgas.com/Rebuild)

The Residential Energy Efficient Fire Rebuild Program is funded by Southern California Gas Company (SoCalGas) customers and administered by SoCalGas, under the auspices of the California Public Utilities Commission. Program funds, including any funds utilized for rebates or incentives, will be allocated on a first-come, first-served basis until such funds are no longer available. This program may be modified or terminated without prior notice. The selection, purchase, and ownership of goods and/or services are the sole responsibility of the customer. Customers who choose to participate in this program are not obligated to purchase any additional goods or services offered by manufacturer, vendor, service provider, or any other third party. **SoCalGas makes no warranty, whether expressed or implied, including warranty of merchantability or fitness for any particular purpose, use or application of selected goods and/or services selected by customer. SoCalGas does not endorse, qualify, or guarantee the work of any third party.** Eligibility requirements apply; see the program conditions for details.
